WORDS FROM THE PRINCIPAL

Dear Parents and Students,

We started this YLDP program in 2005. The goal was to provide high school students an opportunity for growth and maturity outside of school by immersing into the real world. The growth and maturity are measured by level of social, organization and leadership skills as well as ability to take responsibilities and initiatives. YLDP program is doing just that by working with our partner schools in China. In the past 11 years, we have seen a lot of success. Many of our YLDP graduates are now at critical positions in world class companies and world renowned universities. Strong bonding between participants is incredible and extends to their lives on to colleges and workspaces. The influence to students' lives is hugely critical to their future success.

At YLDP camp sites, high school student volunteers work in classrooms and lead real classes as well as organize student activities. Our volunteers interact with students ranging from 3rd to 6th grade not just in classrooms but also in cultural sightseeing, social engagements and other immersive events.

We will be able to provide volunteers with community service hours as recognition of their contribution to this great culture exchange program which not only provides them with growth opportunities, but also brings western culture influence to young minds in China. I encourage you to participate our information session to learn more about this program.

SCHOOL INTRO

Fenghua Academy is located in the northwest suburb of Chicago, Lake Zurich, Illinois. It is a non-profit 501(c)(3) educational organization approved by the IRS. The school was founded by several community volunteers in the year 2004. Dr. Ron Li serves as the principal.

The school has grown to over 400 students in 2015 from its opening in 2004. We offer Chinese language, mathematics, music, art, dance, martial arts, college prep classes and other varieties of extracurricular activities. We have a strong team of over 30 qualified teachers and an excellent team of community leaders and enthusiastic volunteers.

Our school is the center of the northwest suburb community where parents and children can come together to learn, socialize and have fun. We serve children of all ages regardless of their race. We also have classes for adults and offer free ESL classes for senior citizens. In the Ela and Vernon area, we are the number one choice for parents and students when it comes to selecting a Chinese school.

The mission of Fenghua Academy is to promote "Friends, Growth and Community." Our focus is to build upon our success for a stronger next generation in academics, social skills and responsibilities; and for unity of our community.
