## Kung Fu Class

Kung Fu is an excellent way for children to increase their physical activity!

Each class will begin with a warm-up, game and stretch, followed by various kung fu motions (kicks, jumps and all sorts of tricks). Children will learn beginner and intermediate level forms, starting with hand forms and possibly advancing to staff weapon. Kungfu helps children improve their stamina and athleticism, while simultaneously creating a fun atmosphere to socialize and form friendships. I love Kungfu and sharing it with children has always been exciting for me, I hope the children I teach will also grow to love and cherish Kungfu as I have.

I have been part of Soaring Eagle KungFu school for almost 10 years, I have been trained under master Kaifei Song. I have participated in parades, shows, competitions and celebrations. I have earned many Kungfu awards.
